

TEUTONS DELIVER VIOLENT ATTACKS AGAINST ENEMIES ONLY TO BE HURLED BACK

Apremont Is Taken By Invaders and Recaptured By Allies, Who Retain Position At End of Battle—Paris Is Bombarded By Big Zeppelin Dirigibles

PARIS, October 12.—(Associated Press by Federal Wireless)—A brisk engagement took place early yesterday in northern France between the troops on the extreme left wing of the Allies' line and the German cavalry which had seized the points of passage over the Lys River east of the town of Aire, lying about twenty-five miles west of Lille, according to official announcement made late yesterday.

The Germans were driven off, and retired into the Armentiers district and now are practically on the Belgian border. Armentiers is about ten miles north of Lille, and fifty miles west of Brussels.

Between Arras and Oise the Germans made a vigorous attack without making any progress.

ALLIES DRIVE GERMANS BACK

In the center the Allies have driven the Germans back to between Roye and Soissons and gained some ground.

The heaviest fighting took place in the Woerwe district. The Germans delivered violent attacks, in the region of Apremont, which was taken early in the day, retaken later by the Allies, and finally remained in their hands.

From the right wing there was nothing reported.

TEUTON FLAG IS CAPTURED

Another official report last night said that the only new detail of the day's operations worth mention was the capture of a German flag in the fighting near Lassigny.

The impression was that the result of the operations throughout the day had been satisfactory.

Everywhere along the line the Allies had maintained their positions.

AVIATORS BOMBARD PARIS

Two German aviators flew over Paris yesterday and launched a score of bombs in different quarters of the city.

Three civilians were killed and fourteen were injured. The damage to property was small.

French aeroplanes gave chase and disappeared to the eastward in pursuit. The result of the chase is unknown.

GERMANS CUT TO PIECES

PETROGRAD, October 12.—(Associated Press by Federal Wireless)—An official announcement made last night says that the Russian cavalry has cut to pieces several bodies of German advance guards, but at what place is not stated.

Russians and Teutons Engaged

PARIS, October 12.—(Associated Press by Federal Wireless)—Advices received here from Russia say that fighting continues southeast of Wirballen in west Suwalki, between the Germans and Russians.

Montenegrins Defeat Austrians

LONDON, October 12.—(Associated Press by Federal Wireless)—Reports received here from Cetinje are to the effect that the Montenegrins have defeated the Austrians attacking Serajevo and inflicted heavy losses upon them.

JAPANESE ARE CLOSING IN

TOKIO, October 12.—(Associated Press by Federal Wireless)—The Japanese lines about Tsingtau are closing in and the fighting has begun in earnest, according to an official announcement last night by the war office.

The bulletin says that the Germans are employing the fire of their forts, and that of the warships in the harbor, as well as aeroplanes with bombs, in an effort to arrest the advance of the besiegers.

The Japanese commanders report that they are sustaining no damage.

They say that the fire of Japanese warships has silenced the fort, and the German warships in the harbor have been driven out of range of the Japanese guns.

German aviators made an unsuccessful attack upon the small Japanese vessels employed outside the harbor in dragging for mines, and the Japanese naval aviators retaliated by flying over Tsingtau and dropping bombs into the city and fortifications.

MEXICANS GIVE TROUBLE

NACO, Arizona, October 12.—(Associated Press by Federal Wireless)—General Maytorena has begun a bombardment of the town of Naco, Mexico, over the border from this city.

Many of the shells flew across the international line, wrecking several houses in this place.

Two persons were wounded here by the exploding shells, one citizen and one soldier, a cavalryman of the border patrol.

The troop of American cavalry which was fired upon returned the fire.

A number of Yaquis crossed the line from Mexico and were disarmed by the American troopers.

The garrison of Naco, Mexico, lost eight killed and fifty-seven wounded.

LONDON, October 12.—(Associated Press by Federal Wireless)—Despatches from Rome to the Daily Mail say that the Anglo-French fleet operating in the Adriatic Sea attacked and sank two Austrian torpedo boats on Friday.

The Austrian crews were rescued by the attacking ships.

The fight took place off the seaport of Ragusa, in Dalmatia.

LOCAL NURSES ANSWER CALL

In response to the call from England for trained nurses to go to the front and alleviate the sufferings of the wounded, irrespective of nationality, who have fallen in the great conflict now going on in Europe, four volunteer nurses left on the steamer Sonoma last Friday and are en route to London, where they will report for duty at the Red Cross headquarters and receive their assignments at the battle front.

They are Miss E. L. Craig, formerly head nurse of the Palama Mission, who is in charge of the expedition; Miss Lindsay Gray, Mrs. Christine Hunter and Miss E. C. Jordan.

A letter was received by Bishop Henry Bond Restarick from the Red Cross headquarters in London, a short time ago, stating that trained nurses were needed in Europe and a request was made that Hawaii furnish four trained nurses, or more, and raise funds for the women's transportation.

SKILLED NURSES ONLY WANTED

It was set forth that trained women only were wanted, as by giving the wounded prompt and skilled attention many lives could be saved and there would be fewer widows and orphans to look after later on.

Through the publicity given in The Advertiser and the

efforts of Bishop Restarick, Mrs. Olive Davies and several other prominent charity workers in the local British colony, a sufficient fund was raised and the four patriotic women were sent on their grand of mercy.

Miss Gray, one of the young women, by a strange coincidence, received a letter from her sister in Australia, in the Sonoma mail, in which she regretted that she would not be able to visit Hawaii on a vacation she had planned, because she had volunteered as a Red Cross nurse and was leaving for London with an expeditionary force from Australia.

WILL BEAT SISTER TO LONDON

Miss Gray said that she would write to her sister on her arrival in England. By crossing the United States on a fast train, however, and by embarking immediately from New York for London, Miss Lindsay Gray has it figured out that she will arrive in Liverpool two days before her sister and will have the pleasure of meeting her on the quay when she arrives from the land of the Southern Cross.

Already the United States has sent a hundred or more nurses; Australia as many; Canada scores, and Japan has made an offer. All of the nurses are being sent to the front on their great grand of mercy among the wounded, soldiers on the battlefields and in the hospitals of Europe.

Army of King Albert Escapes Teutons But Reports Say Many Hundred Thousands of Benighted Country and of Refugees In Holland Are Starving

LONDON, October 12.—(Associated Press by Federal Wireless)—Antwerp is to share the unhappy lot of the other captured cities of Belgium, a fine of \$100,000,000 having been imposed upon the city by the German government.

This tribute was levied by the Germans as indemnity for the expense and loss of life sustained by the attacking forces during the siege and assault upon the city. The total loss of life as yet is unknown to the German commanders.

CAPTURED GUNS SENT TO FRANCE

This is an official report received here by wireless from Berlin, which also reports that the siege guns used in the reduction of the fortified city of Antwerp, and in the bombardment of the city, are being sent into France for use against the Allies' positions which have been impregnable to the German artillery in the fields.

The Berlin official reports says the German commander in Antwerp has informed his government that the greatest consideration was shown the principal architectural features of that city during the bombardment.

BELGIAN TROOPS ESCAPE VICTORIOUS GERMANS

No troops were found in Antwerp when the Germans entered the city.

The attack on Antwerp was directed by General Von Beseler and Prince August William. Whichever commander was the first to enter the fallen city will be decorated by the Kaiser, in recognition of the achievement.

From Amsterdam, Reuter's Agency reports that the citizens of Antwerp are safe.

The German military governor there has issued a proclamation stating that "refractoriness on the part of the citizens will be punished according to the laws of war, and may lead to the demolition of the city."

HUNDREDS OF THOUSANDS ARE STARVING

Advices from other sources say that a famine throughout Belgium is threatened.

Exchange Telegraph advices from The Hague report that there are 600,000 Belgian refugees in Holland who cannot be provided for, and that a similar condition of famine will prevail among the homeless thousands.

It is reported at The Hague that the Germans are rushing on to Ostend with the hope of capturing the Belgian king and queen, and officials of the Belgian government who had gone to Ostend for refuge when the fall of Antwerp was seen to be inevitable.

The queen is said to have gone to England.

FALL OF ANTWERP WILL PROLONG WAR

The French government recognizes the fact that the fall of Antwerp will prolong the war, according to advices received by the Times from the temporary seat of the French government at Bordeaux.

It is deemed certain that the Germans will fortify the captured forts, and that the city probably will become a base for Zeppelin airship raids on the British coast.

SUGAR IS LOWER IN NEW YORK

Alexander & Baldwin received a cablegram from their New York office yesterday stating that, "There was a sale today of 90 degree centrifugals that affects the basis for Hawaiian sugars at 4.32, Cuban for delivery at New York, private sale, prompt shipment."

Market dull and depressed.

Ship John E. Ena arrived yesterday, basis 5.02.

CHAMBERLAIN'S COUGH REMEDY.

This remedy has no superior as a cure for colds, croup and whooping cough.

It has been a favorite with the mothers of young children for almost forty years.

Chamberlain's Cough Remedy can always be depended upon and is pleasant to take.

It not only cures colds and grip, but prevents their resulting in pneumonia.

Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by all dealers. Benson, Smith & Co., L.L.I. agents for Hawaii.

JAPANESE BOY FALLS OFF PIER AND DROWNS

Keizo, a Japanese boy, eight years of age, while fishing off the end of Pier 13, lost his balance, fell overboard and was drowned yesterday morning at eleven-thirty o'clock.

According to Deputy Sheriff Asch, who investigated the case, Keizo was a five-year-old Portuguese boy, was fishing for crabs off the end of the pier. The wharf was practically deserted at the time.

Kaina, a Hawaiian, heard the cries of little Henry Viera, the companion of the drowned lad, and plunged into the harbor in an effort to save the child's life. Bringing the body ashore, Kaina notified the police and the body of the Keizo lad was rushed to the Queen's Hospital, where every effort to resuscitate the child failed.

The body was taken to the morgue where an inquest will be held by Coroner Asch today.

NEW YORK, October 10.—(Associated Press by Federal Wireless)—Batling Levin was a decision of the

Graham Smith last night after a hard ten round battle.

GOVERNOR PINKHAM URGES IRWIN SITE

Plot Facing Capitol Believed by Executive Most Desirable For Federal Building

In view of the fact that the Honolulu federal building will likely come before congress in the closing days of the present session, considerable interest attaches to the position Governor Pinkham has taken on the question of a desirable site. The Mahalo site is being now practically out of consideration, it is claimed, as an expression of his views on the subject. To vote the extra large amount necessary to carry this through, interest again has centered on the Irwin site—that which faces the Capitol.

Robert W. Shingle has been in Washington, taking up the desire of putting the federal building bill through congress, and finally, and it is said that he favors the Spreckels site.

Governor Pinkham has come out frankly and unquestionably in favor of the Irwin site. Former Governor Frazar some time ago requested Governor Pinkham for an expression of his views on the subject. This the Governor did without hesitation, as the following cablegram, given out yesterday in full for the first time, shows:

"Walter F. Frazar, Washington, D. C.:—By all means take the one of the full area and a complete new civic center. The city hall will take the good site and thus complete a harmonious center. The Spreckels site means nothing artistically, other than character of a single isolated building."

(Signed) "PINKHAM, Governor."

Japanese Begin Bombardment of German Base—One Magazine Explodes

TOKIO, October 10.—(Special Despatch to Nippon Jiji)—United States Consul Beck left Tsingtau today and took refuge in a neighboring town. The fall of Tsingtau before the bombardment of the Japanese is imminent.

Brink Bombardment

TOKIO, October 10.—(Special Despatch to Shimpu Shu)—A mighty bombardment against the fortifications of Keio-Chau has been commenced by the Japanese. Many persons are fleeing the city. The American consul was assisted in leaving by a Japanese force.

A magazine at the fort of Likia was exploded by a shell from a Japanese gun, causing many casualties.

They All Demand It

Honolulu, Like Every Other City and Town, Receives It

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but not permanently. Doan's Backache Kidney Pills have brought lasting results to thousands. Here is proof of merit.

Harry Kessling, 600 Poland St., New Orleans, La., says: "I was so sick from kidney complaint that I despaired of ever being cured. I had terrible pains through my kidneys and at times I became faint. I was stiff and lame, and could hardly stoop over. I did not sleep well and got up in the morning feeling tired. Finally I used Doan's Backache Kidney Pills and felt their good effect at once. They went to the root of my trouble and in a month made a complete cure."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50), or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, who have agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

THREE YEARS AGO YESTERDAY GREAT BUILDING OPENED

Important Event Is Observed With Appropriate Exercises Held In Cooke Hall

Addresses Showing Growth of Organization and Its Work Are Made

(From Monday Advertiser.)

Three years ago the dedication ceremonies for the new Young Men's Christian Association building were held, and yesterday the celebration of this important event for Honolulu was held in Cooke hall. One of the pertinent facts brought out was that the religious work of the association last year was just about two thousand percent greater than in the last year in the old building; and this is due largely to the efficiency of the new building and the consequently greater interest the members have in the great work of the association.

President Treat Presides

President R. H. Treat, who has been president for five years, presided at the ceremonies yesterday and opened the meeting with a statement of the meaning of the celebration. The Y. M. C. A. orchestra, led by Prof. L. A. De Graen, played a number of selections and the audience sang a number of hymns, following which Captain Bray, the first secretary of the old association, led in prayer. President Treat then called upon Arthur L. MacKay, chairman of the social committee of the Y. M. C. A., to make a short talk upon "What I Know the Building Is Doing for the Men and Boys of the Community."

What Association Is Doing

Mr. MacKay spoke briefly as follows: "Mr. President and Fellow Members of the Y. M. C. A.:—It would take a more eloquent speaker than I am to tell of all the usefulness of this splendid building of ours. Still, I would like to emphasize one or two features of what this association means, not only to me, but to many of those young men of the city who have no special homes of their own."

"I propose to be very brief, but desire at the outset to accentuate the spirit of comradeship which is developed here. During the three years I have been a member I have made many pleasant friendships through this organization, and younger men have probably benefited in this way even more, among those who have found here the best substitute for a home—that is, a comfortable gathering place with a Christian atmosphere which stands for moral and physical cleanliness—besides the society of congenial friends."

Importance of Building

"Consequently, outside of the special activities of the Y. M. C. A., an educational factor, this building is one of the means of preserving from the temptations of the streets and saloons and of wayward companions, possibly, scores and hundreds of young men who might without it drift along that current of conviviality which so often leads to temptation and remorse."

"This work alone, even if it others were attempted, is well worth to this community every dollar which has been disbursed in erecting and maintaining this building and in making of it a central gathering spot for young men and boys, where all the blessings of clean, healthy and innocent amusement and the Christian influence of the Y. M. C. A. can be brought to bear."

"In other words, the Y. M. C. A. stands for the upbuilding of Christian character, and as long as this is so this building will also stand and serve."

Activities of Boys' Branch

W. C. Furer, teacher of the boys' Bible class, also spoke on the same subject, telling of the various activities of the boys' department and how they were influenced to take an interest in the study of the Bible. His talk was an extremely interesting one, showing as it did the splendid work now being accomplished in the new building.

Lieut. R. E. Lambert, U. S. N., who is responsible for much of the success of the Y. M. C. A. night school, told of the important work being done in this department, stating that practical every nationality in Hawaii is represented in the school. He went into detail as to the work and how this training of young men fitted them to be better citizens of Honolulu, consequently of the country and the world. His talk accentuated the importance of the Y. M. C. A. work along educational lines.

Y. M. C. A. Battles in China

F. S. Brockman, national Y. M. C. A. secretary for China, gave a most interesting address regarding the tribulations and victories of the association in that great Republic, and recounted a number of anecdotes which emphasized the appreciation which even confirmed pagans have of the work of the Y. M. C. A. in that land. The progress accomplished there is remarkable.

After a colloquy with Professor De Graen, presided over by A. E. Larimer on the piano, General Secretary Paul Super gave a short talk upon "The Difference Between the Work Now and in the Old Building," during which he showed by a chart that during the last year in the old building there were 732 members; now, 1442; then the total was 411,331; now it is 879,900; then there were 267 night school students; now, 410.

Hundreds of Bible Students

Then there were sixteen Bible school students, now there are 328; then eight

MORE CANDIDATES HAVE WITHDRAWN FROM FINAL RACE

Among Them, Are J. U. Joseph, Progressive Aspirant To House of Representatives

Who Will Run In Their Places Is Question That Agitates Leaders

(From Monday Advertiser.)

Elimination of candidates for public office did not cease with the recent primary election, for within the past few days, a number of those who were unsuccessful in their primary and secured their nomination, have withdrawn, entirely from the race. Among these are J. U. Joseph, Progressive candidate for the house of representatives from the fourth district, Oahu, and E. K. Kana, Republican candidate for the house from the second district, West Hawaii. Both of these candidates have notified W. W. Thayer, secretary of the Territory, of their withdrawal.

When Joseph notified the local organization of the Progressive party that he would withdraw as a candidate that body decided to ask G. F. Affonso to take Joseph's place on the ticket, provided Affonso was willing to become a member of that political party. Affonso, who is a Republican, has declined the offer of the Progressive party. Whether the Progressives will choose some one else to go on the ticket in place of Joseph is not known.

General Kawewehi Is Bold

The Republican party will not select any one to take Kana's place on its ticket for West Hawaii. As published in The Advertiser some weeks ago, it was stated that one of the West Hawaii Republican candidates would have to withdraw in order to insure the election of the other three candidates—H. L. Holstein, D. K. Kaupika and M. K. Makela—as it was certain that "General" Henry L. Kawewehi, West Hawaii's lone Home Ruler, would be elected. "General" Kawewehi received the highest vote polled by any candidate for nomination in his electoral district September 12 and polled sixty votes more than Holstein, who has been speaker of the house during the past five sessions.

At that time it was announced that Holstein was seriously thinking of withdrawing, rather than see the Democrats slip in a candidate or two. Evidently this was all settled amicably between the Republican candidates, for Kana has come through with his withdrawal and Holstein, Kaupika and Makela, Home Rulers, are as good as elected already.

Watkins' Withdrawal Not Official

The other withdrawal announced, mentioned by The Advertiser, is that of Representative Norman Watkins of the fourth district, but the withdrawal can not be considered official until Mr. Watkins notifies the territorial secretary to that effect. He has not done so yet and probably will not withdraw officially until the autumn court has passed finally on the mandamus action brought by Representative Clarence H. Cooke against Territorial Secretary Thayer and City Clerk Kalaokalani. The only step taken so far by Mr. Watkins was to notify the Republican territorial central committee of his withdrawal.

Representative Watkins received the third highest vote in the primary election and should it through the Cooke case now in the supreme court, be shown that Watkins received a majority of the vote cast, thereby electing him at the primary election, the question arises whether Watkins will be able to withdraw. The Organic Act makes no provision for the resignation of a member of the senate or house of representatives. Herein is another fine point: whether a representative-elect may withdraw before the regular election in November which finally settles the decision of the primary election.

Central Committee to Decide

In case of Mr. Watkins' final withdrawal, if the law will permit him to eliminate himself in that manner, two candidates are to be in the field to take his place on the Republican ticket, these being R. W. Aylett and G. F. Affonso, who ran seventh and eighth with but a few votes difference between them and both less than seventy-five votes behind C. H. Brown, who was the lowest voted candidate of the six nominated.

It does not follow, it is claimed, that because a candidate withdraws that the highest voted for of those who failed of nomination, or the next to him or any other unsuccessful candidate, shall be named by the central committee in place of the candidate who withdraws. The selection of a legislative candidate to fill the vacancy lies entirely with the central committee. It is understood that the Portuguese-American voters of the fourth district will strongly urge the central committee to name Affonso should Watkins withdraw. While claims will be made that the Hawaiian element in the fourth district is not represented on the Republican representative ticket, the fact remains that Hawaiians have been given all the representation they can in reason expect for other offices, while the Portuguese-American element is entirely unrepresented on the whole ticket in the fourth.

Lectures were held, last year there were sixty-eight; that year sixty-two jobs were found for men and boys, last years there were 167; then there were five employed officers, now there are ten; then 319 men and boys used the physical department daily on an average, now there are 491; then there were sixty-six committees, now there are 234; the daily attendance then was 203, now it is 620; there were nine social events that last year in the old building, last year there were sixty-one in the new building.

And all this means more efficient service to the community as a whole.
